

ABS CONCEPTION – A NEW ERA BEGINS...

Getting cows back in calf is a national problem. It's a fact that 41% of cows leave the herd prematurely because they don't get back in calf. Infertility will cost you money. ABS CONCEPTION could be your answer.

ABS CONCEPTION is a unique offering for the Indian dairy farmers that is likely to increase conception rate by about 10% as compared to any conventional semen subject to proper nutrition and management. ABS CONCEPTION will reduce days open and make you more money.
